hand side as the P signs show and leave swimming and picnic gear in the car to be collected after the walk.

SEPTEMBER

6th September - FULL MOON WALK, Calpe. Tony Clark

Join Tony for the traditional September moonlight walk

Meet me at the Calpe station bar at 19.15 for pre-walk drinks or at the Olta campsite for the start of the walk at 20.00. We will be following the traditional Olta circuit in an anti-clockwise direction. Apart from the initial climb up through the trees and the Little Olta canal, (done before it gets too dark!) the walk is on broad forestry tracks and will be taken at a nocturnal pace. Great views to the Bernia ridge from the "dark" side of Olta and then views to the bright lights of Calpe and Albir as we return towards the campsite.

The walk takes about 3 hours. Head torches would be useful but hopefully not necessary for most of the route as our eyes adjust to night vision.

If you have any questions or want any further information then please contact anthonyeclark@hotmail.com or jean on 965836261 or 626522161
