

## **CBMW 30th Anniversary Autumn Programme 2017**

Wednesday 4<sup>th</sup> October 2017 to Wednesday 31<sup>st</sup> January 2018

### **Chair's statement**

Welcome to what is notably the 30TH ANNIVERSARY YEAR of our Group's formation. The first walk of the first programme was 7 October 1987. We shall be acknowledging this with commemorative badges, T-shirts and a special 30th year fob with a Commemorative logo. (see website for information). I think our founders would be proud of our progress on and off the mountains, and how it has developed into a large and well organised group, whilst retaining its informality.

The number of people walking is now over 400 a year. Our programmes consistently offer a variety of walks and most walking days we now have a choice of 4 walks. It is perhaps fitting to remember that 30 years ago there were very few established paths and no reliable maps. Our intrepid founders' spent many days discovering and establishing routes.

In our 25th year we introduced a legacy to create and provide a library of walk descriptions, ensuring routes are never forgotten and enabling people to walk independently with confidence. Thanks to the continual commitment of some of our leaders our website "WalksinSpain" now has over 300 different walks recorded on the Costa Blanca alone. I think our founders would be very proud. (note 1)

Our Social Secretaries, David and Theresa will be stepping down in October. They have done a very special job during their time and in their true style their last function will be a Wine Festival in November (see website for information). They will be a difficult act to follow but we thank them for their energy and expertise.

Our Autumn programme offers a total of 124 walks, E-7, M-26, MS-33, S-40 VS-18

New leaders this season are: Christine Acton, Tony Clarke and Annette and Tony Shaw.

Last but certainly not least we must thank all our leaders for their time and effort in providing these walks and giving us the hobby which we all so much enjoy.

I hope you will enjoy walking with us.

CAROL

CHAIR

## ROUTE GRADES

### **A - Walks marked with A are on iconic mountains**

The mountains in the Costa Blanca region are rugged and the paths are often rough with numerous hazards to cause tripping, loose stones and thick undergrowth. Care is needed at all times. Walkers should assess their ability to complete the walks taking into account the following walk gradings:-

**E - Easy:** A walk of up to 4½ hours on good surfaced tracks and less than 200metres ascent.

**M - Moderate:** up to 12km, less than 400 metres ascent and less than 50% rough going.

**MS - Moderately Strenuous:** Up to 600 metres ascent and/or no more than 15 km with some rough going taken at a reasonable pace.

**S - Strenuous:** More than 600 ascent metres and/or more than 15km with steep, loose or heavily vegetated sections.

**VS - Very Strenuous:** More than 800 metres ascent and/or more than 20km with steep, loose or heavily vegetated sections.

**X - Experienced walkers routes:** Routes which require considerable stamina and/or significant scrambling skills on rough, steep or exposed sections.

**Scr - Scrambling:** This implies the need for handholds to ascend steep rock pitches with a sense of exposure to vertigo and where a slip could lead to a serious accident.

**A** - All good tracks

**B** -Less than half the route on rough ground

**C** - More than half the route on rough ground

## INDIVIDUAL RESPONSIBILITIES

We have a short list of **Conventions** – published in the Info section of the website - which act as guidelines and hopefully are an aid to walkers and leaders alike. Everyone is required to read these Conventions as a condition for walking with us and for downloading each season's programme. A summary of the main points of these is shown below.

- 1, Arrive at the meeting place in good time. Walks depart promptly at 10:00 unless otherwise noted.
2. Do not leave valuables in your car.
3. Always wear strong-soled shoes or boots suitable for mountain walking.
4. Take a packed lunch and/or other energy snacks and plenty of water, especially in hot weather.
5. Always carry your own first aid kit.
6. Carry adequate clothing and always waterproofs as the weather in the mountains can change quickly. Remember that there is always the possibility of having to remain on the mountain during the night in an emergency.
7. Stay in contact with the people ahead of you and behind you particularly at junctions and if too large a gap opens up signal to the leader for a stop so that the gap can be closed.
8. Whilst every effort is made to ensure accuracy, the time duration stated for each walk will always depend on the fitness and ability of the walkers and also the conditions on the day of the walk.
9. Take all rubbish home with you including orange and banana skins.
10. Do **not** pick fruit.
11. When not in use walking poles should be carried with the points facing forwards and down.
12. If a dog is brought along the owner should ensure that the walk is one where dogs are allowed and at all times keep the dog on a lead and firmly under control
13. In times of bad weather walkers should phone the leader if in doubt about whether the walk will go ahead.
14. If individuals intend to leave the group during a walk they should inform the leader and ensure that their names are removed from the leader's book.
15. Everyone who walks with us is expected to make an annual contribution towards the cost of our websites.

## INSURANCE

We recommend that individuals who walk with us take out insurance cover for rescue and medical costs in case of accident on our mountain walks. Those who live here can take out extra insurance via [www.femecv.com](http://www.femecv.com) (in Spanish) or [www.aacuk.org.uk](http://www.aacuk.org.uk) (in English). If you are just visiting the area for a holiday you should check that your travel insurance covers is sufficient - if not then take out extra cover!

## WEATHER

A walk leader may terminate a walk at his/her discretion at any time. During times of persistent bad weather the walk leader will endeavour to ascertain the latest accurate weather conditions predicted in the area of the walk and if the latest information is extreme, or if it has rained (or snowed) excessively during the previous night, the walk leader is not obliged to go to the start of the walk. In times of bad weather please telephone the walk leader if you are in doubt.

Sat 25 Nov	Montgo Denia X circuit from Los Lagos Brian Sear 634 369 693	10 km 5 hrs 606 m S/B	Jesus Pobre. 38.801992, 0.094628 .Los Lagos. km 6 on CV735 between La Xara (near Denia) and Javea. Turn into Los Lagos, then immediately left and park.  The walk starts from Los Largos where there is plenty of parking. A gentle ascent for 20 minutes through the wooded area behind Los Largos before reaching the gully. The gully is a steep climb of about 1 hour with sections of loose stones in places. Once at the top the walk continues with a gentle climb on good tracks. The final ascent becomes a little steeper on a very rocky path of the "pointy type" often experienced in this area. So sticks are a help. Spectacular views from the cross towards both Javea and Denia. Cameras a must. The descent initially follows the same rocky path down until it becomes a gentle descent on good paths. The final section is very scree like where again sticks would be a plus. Note this walk is very weather dependent as Montgó often has a "hat" even when the weather is good elsewhere. The walk may need to be modified if this is the case to miss the final ascent to the top.  No dogs Volunteer needed to write up

As you approach Vall d'Ebo go over the bridge, straight on and park at the edge of the village. (Also car park behind Bar L'Entra.)  Initially we traverse above and then in the Ebo which becomes very bouldery and involves some simple scrambling for 2/3 km. Having cleared this we ascend on a mozarabic path towards Pozo de Jueves de Dalt and then join a simple but steadily ascending track to arrive just below Col de Garga. From here we pick up an indistinct mozarabic trail that trends upwards along the flank of Carrasca before finally breaching the ridge line. Now we follow the ridge briefly before descending on a good mozarabic trail back to the village of Val d'Ebo. <a href="http://tinyurl.com/kr5blxr">http://tinyurl.com/kr5blxr</a>

Car park on right just before Bar Les Rogetes (old bar Oasis).  A very pleasant walk and an excellent appetiser before lunch. Although this is an easy walk as defined by taking less than 4.5 hours and with a total ascent not exceeding 200m the final section of the walk is, however, steep which will need to be taken at a slow pace with ample stops to rest. Some stunning scenery. <a href="http://tinyurl.com/y8b9np8b">http://tinyurl.com/y8b9np8b</a>
