

CBMW Spring Programme 2018

Saturday 3rd February to Wednesday 30th
May

Welcome to the second season of our 30TH ANNIVERSARY YEAR. SPRING 2018

We welcome our new Social Secretaries Martin and Veronica Dunkley. They were instrumental in creating a commemorative logo for this special year and we have been out in force during the Autumn season showing this off on our new T-shirts, Polo Shirts and Badges. Still more for sale.

Our website www.WalksinSpain.org continues to grow thanks to the continual commitment of some of our leaders. You will see from this programme we have again highlighted those walks which need to be written up. Volunteers will be given all the help they need. Please contact Ralph Phipps or David Harbach. You don't have to be a leader to do this. Your contribution would be much appreciated.

You will also see that the programme includes a couple of days for clearing paths. Whilst the Ayuntamientos are responsible for most of our routes you will know that in many areas the growth during the last year has been abundant. We hope many of you will participate and help to keep our paths open.

Our spring programme offers a total of 103 walks. E-5, M-15, MS-31, S-32, VS-20.

We are an ageing group with increasing numbers of walkers and noticeably an increase in winter visitors from different countries. We continue to be committed to our group's development as a well organised group whilst retaining its informality.

Many thanks to all our leaders who give so much of their time providing us with such wonderful days walking in the mountains.

Enjoy your walking with us.

CAROL
CHAIR

We have a Facebook Group page open to anyone who walks with us. You must already have a Facebook account to join the group. See our website (Contact Us) for details of how to apply to join the group.

ROUTE GRADES

A - Walks marked with A are on iconic mountains

The mountains in the Costa Blanca region are rugged and the paths are often rough with numerous hazards to cause tripping, loose stones and thick undergrowth. Care is needed at all times. Walkers should assess their ability to complete the walks taking into account the following walk gradings:-

E - Easy: A walk of up to 4½ hours on good surfaced tracks and less than 200metres ascent.

M - Moderate: up to 12km, less than 400 metres ascent and less than 50% rough going.

MS - Moderately Strenuous: Up to 600 metres ascent and/or no more than 15 km with some rough going taken at a reasonable pace.

S - Strenuous: More than 600 ascent metres and/or more than 15km with steep, loose or heavily vegetated sections.

VS - Very Strenuous: More than 800 metres ascent and/or more than 20km with steep, loose or heavily vegetated sections.

X - Experienced walkers routes: Routes which require considerable stamina and/or significant scrambling skills on rough, steep or exposed sections.

Scr - Scrambling: This implies the need for handholds to ascend steep rock pitches with a sense of exposure to vertigo and where a slip could lead to a serious accident.

A - All good tracks

B -Less than half the route on rough ground

C - More than half the route on rough ground

INDIVIDUAL RESPONSIBILITIES

We have a short list of **Conventions** – published in the Info section of the website - which act as guidelines and hopefully are an aid to walkers and leaders alike. Everyone is required to read these Conventions as a condition for walking with us and for downloading each season's programme. A summary of the main points of these is shown below.

- 1, Arrive at the meeting place in good time. Walks depart promptly at 10:00 unless otherwise noted.
2. Do not leave valuables in your car.
3. Always wear strong-soled shoes or boots suitable for mountain walking.
4. Take a packed lunch and/or other energy snacks and plenty of water, especially in hot weather.
5. Always carry your own first aid kit.
6. Carry adequate clothing and always waterproofs as the weather in the mountains can change quickly. Remember that there is always the possibility of having to remain on the mountain during the night in an emergency.
7. Stay in contact with the people ahead of you and behind you particularly at junctions and if too large a gap opens up signal to the leader for a stop so that the gap can be closed.
8. Whilst every effort is made to ensure accuracy, the time duration stated for each walk will always depend on the fitness and ability of the walkers and also the conditions on the day of the walk.
9. Take all rubbish home with you including orange and banana skins.
10. Do **not** pick fruit.
11. When not in use walking poles should be carried with the points facing forwards and down.
12. If a dog is brought along the owner should ensure that the walk is one where dogs are allowed and at all times keep the dog on a lead and firmly under control
13. In times of bad weather walkers should phone the leader if in doubt about whether the walk will go ahead.
14. If individuals intend to leave the group during a walk they should inform the leader and ensure that their names are removed from the leader's book.
15. Everyone who walks with us is expected to make an annual contribution towards the cost of our websites.

INSURANCE

We recommend that individuals who walk with us take out insurance cover for rescue and medical costs in case of accident on our mountain walks. Those who live here can take out extra insurance via www.femecv.com (in Spanish) or www.aacuk.org.uk (in English). If you are just visiting the area for a holiday you should check that your travel insurance covers is sufficient - if not then take out extra cover!

WEATHER

A walk leader may terminate a walk at his/her discretion at any time. During times of persistent bad weather the walk leader will endeavour to ascertain the latest accurate weather conditions predicted in the area of the walk and if the latest information is extreme, or if it has rained (or snowed) excessively during the previous night, the walk leader is not obliged to go to the start of the walk. In times of bad weather please telephone the walk leader if you are in doubt.

AND FINALLY

Remember to check Stop Press on the website for information on any unavoidable changes to walks and new walks added to the programme.

All walks **start** at 10 am unless otherwise indicated.

Shading denotes a lunch option or walk required.

Meeting Point descriptions start with town nearest to start followed by Latitude then Longitude (decimalised) of the meeting point (where known). Whilst every effort is made to ensure accuracy the time stated for each walk will always depend on the fitness and ability of the walkers, and the conditions on the day of the walk.
