Monday 12th September at 19.45
Calpe Full Moon walk
Tony Clark

Meet me at the Calpe campsite for the start of the walk at 19.45. (38.6582614, 0.0265555)
We will be following the traditional Olta circuit in an anti-clockwise direction. Apart from
the initial climb up through the trees and the Little Olta canal, (done before it gets too
dark!) the walk is on broad forestry tracks and will be taken at a nocturnal pace. Great
views to the Bernia ridge from the "dark" side of Olta and then views to the bright lights of
Calpe and Albir as we return towards the campsite. The walk takes about 3 hours. Head
torches would be useful but hopefully not necessary for most of the route as our eyes
adjust to night vision.
