

CBMW Autumn Programme 2022

Wednesday 05 Oct to Saturday 28 Jan

Message from the Chair

The Autumn programme is a tribute to our walk leaders given the range and number of walks that it contains. It follows a very successful summer programme with its wide range of events – including coastal strolls, Boules and visits to interesting venues such as Javea Old Town. Our thanks must go to the organisers of these events as it keeps us all in touch when it is too hot to walk in the mountains.

The Spring Programme was unfortunately hampered by a period of heavy rain – more rain than has been recorded in the Comunidad Valenciana in 100 years! However, despite a number of walks having to be cancelled due to the weather, the walking programme and the social events were enjoyed by all. Thanks to the Leaders and the Secretariat for all their hard work for making this possible and to those who walked for their companionship.

Unfortunately you are all aware that there has been a major fire in August, damaging 1150 hectares of ground and stretching from Pego to Val D'Ebo . The area has received 1 million euros to restore roads and footpaths and give help to those people affected by the fires. Our deepest sympathy goes to those living in these areas and if we can help with such activities as planting new trees I am sure CBMW walkers will offer to do so. I hope our walking programme will not be affected by the fire damage but we will just have to wait and see.

We will have our usual social programme in the Autumn – beginning with the Start of the Season event on the 5th of October at La Piscina restaurant in Parcent. As we have reached our 35th anniversary we will celebrate that on the 9th of November and we will have our Xmas party on the 5th of December. Thanks to David and Theresa Brain for organising these as it takes a lot of effort.

I know you will all enjoy the walks and social events and I look forward to meeting many of you in the Autumn ,
Veronica

We have a Facebook Group page open to anyone who walks with us. You must already have a Facebook account to join the group. See our website (Contact Us) for details of how to apply to join the group.

ROUTE GRADES

A - Walks marked with A are on iconic mountains

The mountains in the Costa Blanca region are rugged and the paths are often rough with numerous hazards to cause tripping, loose stones and thick undergrowth. Care is needed at all times. It is very important that walkers assess their ability to complete the walks taking into account the walk gradings below. If you have any doubts about the nature of the walk then please telephone the leader for

E - Easy: A walk of up to 4½ hours on good surfaced tracks and less than 200 metres total ascent.

M - Moderate: up to 12km, less than 400 metres total ascent and less than 50% rough going.

MS - Moderately Strenuous: Up to 600 metres total ascent and/or no more than 15 km with some rough going taken at a reasonable pace.

S - Strenuous: More than 600 metres total ascent and/or more than 15km with steep, loose or heavily vegetated sections.

VS - Very Strenuous: More than 800 metres total ascent and/or more than 20km with steep, loose or heavily vegetated sections.

X - Experienced walkers routes: Routes which require considerable stamina and/or significant scrambling skills on rough, steep or exposed sections.

Scr - Scrambling: This implies the need for handholds to ascend steep rock pitches with a sense of exposure to vertigo and where a slip could lead to a serious accident.

A - All good tracks

B -Less than half the route on rough ground

C - More than half the route on rough ground

INDIVIDUAL RESPONSIBILITIES

We have a short list of **Conventions** – published in the Info section of the website - which act as guidelines and hopefully are an aid to walkers and leaders alike. Everyone is required to read these Conventions as a condition for walking with us and for downloading each season's programme. A summary of the main points of these is shown below.

1. Arrive at the meeting place in good time. Walks depart promptly at 10:00 unless otherwise noted.
2. Do not leave valuables in your car.
3. Always wear strong-soled shoes or boots suitable for mountain walking.
4. Take a packed lunch and/or other energy snacks and plenty of water, especially in hot weather.
5. Always carry your own first aid kit and a whistle.
6. Carry adequate clothing and always waterproofs as the weather in the mountains can change quickly. Remember that there is always the possibility of having to remain on the mountain during the night in an emergency.
7. Stay in contact with the people ahead of you and behind you particularly at junctions and if too large a gap opens up signal to the leader for a stop so that the gap can be closed.
8. Take all rubbish home with you including orange and banana skins.
9. Do not pick fruit.
10. Walking poles when not in use should be carried with the points facing forwards and down.
11. If a dog is brought along the owner should ensure that the walk is one where dogs are allowed and at all times keep the dog on a lead.
12. In times of bad weather walkers should phone the leader if in doubt about whether the walk will go ahead.
13. If individuals intend to leave the group during a walk they should inform the leader and ensure that their names are removed from the
14. Everyone who walks with us is expected to make an annual contribution towards the cost of our websites and display the current year's "fob" on their rucksack. One fob only, please. Ideally, ID should always be carried together with a contact name in case of emergency (ICE).

INSURANCE

PLEASE BE AWARE THAT WE DO NOT HAVE PUBLIC LIABILITY INSURANCE therefore we STRONGLY

recommend that individuals who walk with us take out insurance cover for rescue and medical costs in case of accident on our mountain walks. Those who live here can take out extra insurance via www.femecv.com (in Spanish) or www.aacuk.org.uk (in English). If you are just visiting the area for a holiday you should check that your travel insurance covers is sufficient - if not then take out extra cover!

WEATHER

A walk leader may terminate a walk at his/her discretion at any time. During times of persistent bad weather the walk leader will endeavour to ascertain the latest accurate weather conditions predicted in the area of the walk and if the latest information is extreme, or if it has rained (or snowed) excessively during the previous night, the walk leader is not obliged to go to the start of the walk. In times of bad weather please telephone the walk leader if you are in doubt.

Website to check weather forecast www.aemet.es

AND FINALLY

Remember to check Stop Press on the website for information on any unavoidable changes to walks and new walks added to the programme.

All walks **start** at 10 am unless otherwise indicated.

Shading denotes a lunch option.

Meeting Point descriptions start with town nearest to start followed by Latitude then Longitude (decimalised) of the meeting point (where known). Whilst every effort is made to ensure accuracy the time stated for each walk will always depend on the fitness and ability of the walkers, and the conditions on the day of the walk.

Please remember that there is always the possibility that the weather at this time of year will still be hot for walking. Ensure that you are fully prepared for the walks by choosing the correct level of walk for your ability and the weather conditions and that you take with you the correct amount of fluids and sun protection.
