

CBMW Autumn Programme 2025

Wednesday 01 Oct to Saturday 31 Jan

Message from the Chair

The Autumn Programme promises both interesting and varied walks for us all to enjoy. It reflects the commitment of Leaders to invest their time and energy into planning and leading walks. Our thanks go to them all for what they do. The walks range from easy to very strenuous, but we would welcome more easy and moderate walks for the programme. This is to encourage new walkers to start walking with us, as often they then progress to more difficult walks as they gain confidence about their walking ability. It is also to provide walks for those who because of illness or age cannot now manage more strenuous walks. We are continuing to attract new Leaders but always welcome more, so if you are interested in becoming a Leader, please contact me. I can arrange, if needed, support and mentoring from an experienced Leader.

The Spring Programme was very successful and was enjoyed by all as we had great walks and mainly great weather. The Spring Festival was well attended with three walks and a lovely lunch. The End of Season event was also enjoyed by many and again there were three walks and a lovely lunch. The walk leaders for the events and the social committee work very hard to plan and deliver them.

Two walking trips took place during the Spring programme. The first was led by John Mail to the Alcoy area and the second to the Picos area was led by Jonathan Fletcher. All who participated in the trips gave very positive feedback about the trip leaders and the walks. Our thanks go to John and Jo for organizing them.

This summer we had a varied programme in place – walks, a boat trip, a full moon party and Boules and a BBQ. The feedback from those who attended was that it gave them the opportunity, over the summer, to keep in touch with fellow walkers between walking programmes. Thanks again to those who organised the summer programme.

The Secretariat continue to work hard in the background to ensure everything runs smoothly for walkers and leaders. Please contact me with any thoughts you might have about the walking programme and events as these would be welcome.

The Autumn programme starts on the 1st of October, meeting at the restaurant Amanecer, Javea, again with three walks and lunch. I hope to see many of you there or else on a walk later in the season,

Thanks,
Veronica

We have a Facebook Group page open to anyone who walks with us. You must already have a Facebook account to join the group. See our website (Contact Us) for details of how to apply to join the group.

ROUTE GRADES

A - Walks marked with A are on iconic mountains

The mountains in the Costa Blanca region are rugged and the paths are often rough with numerous hazards to cause tripping, loose stones and thick undergrowth. Care is needed at all times. It is very important that walkers assess their ability to complete the walks taking into account the walk gradings below. If you have any doubts about the nature of the walk then please telephone the leader for

E - Easy: A walk of up to 4½ hours on good surfaced tracks and less than 200 metres total ascent.

M - Moderate: up to 12km, less than 400 metres total ascent and less than 50% rough going.

MS - Moderately Strenuous: Up to 600 metres total ascent and/or no more than 15 km with some rough going taken at a reasonable pace.

S - Strenuous: More than 600 metres total ascent and/or more than 15km with steep, loose or heavily vegetated sections.

VS - Very Strenuous: More than 800 metres total ascent and/or more than 20km with steep, loose or heavily vegetated sections.

X - Experienced walkers routes: Routes which require considerable stamina and/or significant scrambling skills on rough, steep or exposed sections.

Scr - Scrambling: This implies the need for handholds to ascend steep rock pitches with a sense of exposure to vertigo and where a slip could lead to a serious accident.

A - All good tracks

B - Less than half the route on rough ground

C - More than half the route on rough ground

INDIVIDUAL RESPONSIBILITIES

We have a short list of **Conventions** – published in the Info section of the website - which act as guidelines and hopefully are an aid to walkers and leaders alike. Everyone is required to read these Conventions as a condition for walking with us and for downloading each season's programme. A summary of the main points of these is shown below.

1. Arrive at the meeting place provided in the programme which may be different to that in the "WalksInSpain" link, in good time. Walks depart promptly at 10:00 unless otherwise noted.
2. Do not leave valuables in your car.
3. Always wear strong-soled shoes or boots suitable for mountain walking.
4. Take a packed lunch and/or other energy snacks and plenty of water, especially in hot weather.
5. Always carry your own first aid kit and a whistle.
6. Carry adequate clothing and always waterproofs as the weather in the mountains can change quickly. Remember that there is always the possibility of having to remain on the mountain during the night in an emergency.
7. Stay in contact with the people ahead of you and behind you particularly at junctions and if too large a gap opens up signal to the leader for a stop so that the gap can be closed.
8. Take all rubbish home with you including orange and banana skins.
9. Do not pick fruit.
10. Walking poles when not in use should be carried with the points facing forwards and down.
11. If a dog is brought along the owner should ensure that the walk is one where dogs are allowed and at all times keep the dog on a lead.
12. In times of bad weather walkers should phone the leader if in doubt about whether the walk will go ahead.
13. If individuals intend to leave the group during a walk they should inform the leader and ensure that their names are removed from
14. Everyone who walks with us is expected to make an annual contribution towards the cost of our websites and display the current year's "fob" on their rucksack. One fob only, please. Ideally, ID should always be carried together with a contact name in case of emergency (ICE).

INSURANCE

PLEASE BE AWARE THAT WE DO NOT HAVE PUBLIC LIABILITY INSURANCE therefore we STRONGLY

recommend that individuals who walk with us take out insurance cover for rescue and medical costs in case of accident on our mountain walks. Those who live here can take out extra insurance via www.femecv.com (in Spanish) or www.aacuk.org.uk (in English). If you are just visiting the area for a holiday you should check that your travel insurance covers is sufficient - if not then take out extra cover!

WEATHER

A walk leader may terminate a walk at his/her discretion at any time. During times of persistent bad weather the walk leader will endeavour to ascertain the latest accurate weather conditions predicted in the area of the walk and if the latest information is extreme, or if it has rained (or snowed) excessively during the previous night, the walk leader is not obliged to go to the start of the walk. In times of bad weather please telephone the walk leader if you are in doubt.

Website to check weather forecast www.aemet.es

AND FINALLY

Remember to check Stop Press on the website for information on any unavoidable changes to walks and new walks added to the programme.

All walks **start** at 10 am unless otherwise indicated.

Shading denotes a lunch option.

Meeting Point descriptions (*as per the programme Not the WalksInSpain which may differ*) start with town nearest to start followed by Latitude then Longitude (decimalised) of the meeting point (where known). Whilst every effort is made to ensure accuracy the time stated for each walk will always depend on the fitness and ability of the walkers, and the conditions on the day of the walk.

Please remember that there is always the possibility that the weather at this time of year will still be hot for walking. Ensure that you are fully prepared for the walks by choosing the correct level of walk for your ability and the weather conditions and that you take with you the correct amount of fluids and sun protection.

Delightful scenery leads to a fine open ridge, to visit a Forat, then follows an exposed scrambling section (optional). Crossing subsidiary tops with some mildly exposed steps. Very easy unavoidable scrambling to the summit with wonderful views. Almost entirely on paths, many are rugged and in places steep and rocky. http://bit.ly/2P7ILO8
Wednesday 12 Nov	Montgo Denia X circuit from Los Lagos Leader Norrie Rolland +44 7831 284 618	10 km 5 hrs 606m S/B	Jesus Pobre 38.801992,0.094628 Los Lagos. km 6 on CV735 between La Xara (near Denia) and Javea. Turn into Los Lagos, then immediately left and park. The walk starts from Los Lagos where there is plenty of parking. A gentle ascent for 20 minutes through the wooded area behind Los Lagos before reaching the gully. The gully is a steep climb of about 1 hour with sections of loose stones in places. Once at the top the walk continues with a gentle climb on good tracks. The final ascent becomes a little steeper on a very rocky path of the "pointy type" often experienced in this area. So sticks are a help. Spectacular views from the cross towards both Javea and Denia. Cameras a must. The descent initially follows the same rocky path down until it becomes a gentle descent on good paths. The final section is very scree like where again sticks would be a plus. Note this walk is very weather dependent as Montgó often has a "hat" even when the weather is good elsewhere. The walk may need to be modified if this is the case to miss the final ascent to the top. https://tinyurl.com/ybf4hekm
