Morning Walk - Parc Natural de la Marjal de Pego-Oliva

Leaders: Grace Morris

Distance: 5km

Ascent: 30m

The walk is a pleasant and unusual one in a watery environment, finishing at the Font Salada which is a natural warm spring pool. Here you can have breakfast at the café with the option of a swim.

Meeting Point: 38.887738,-0.079369 to parking at Font Salada. Coming from the south on the N332 you are obliged to pass the access turn to the meeting point, as it is an illegal turn. Proceed to the new roundabout for Oliva Sud. Go around and take the last exit signed Calpe. Follow this way for 1.8km. Turn R onto Via Pista, this looks like a concrete walled bridge just before some tall pine trees.
